### "FASHIONS ARE HIDEOUS" SAYS PREACHER WILLIAMS

EVANGELIST SCORES THE PRE-  
VAILING FASHIONS IN WOMAN'S  
DRESS AS IMMODEST AND UGLY

Sons of Washington Come in for a  
Grilling for Their Efforts to Re-  
establish the Saloons.

"Now you ladies may not like it,  
but I say to you that these fashions  
in dress are hideous."

Along with fashions Evangelist Sid  
Williams last night at the revival  
scored the Sons of Washington for  
their effort to re-submit the constitu-  
tional prohibition question.

There were other things and people  
that received attention but these  
absorbed the greater part of the  
shock.

All the seats were full and many  
stood through the service while still  
others sat in carriages in the street.  
The evangelist was just as vigorous  
as ever and throughout he held the  
closest attention of his hearers, and  
with perfect order and attention.  
Though at times the humor and sar-  
casm of the speaker are irresistible  
and people have to laugh at the points  
made, it is a laugh of approval. And  
yet the speaker and the audience are  
serious in their intentions and atti-  
tude toward the questions handled.

The meetings are having a good  
effect and will continue to have. The  
evangelist is in earnest and has a  
message for the people, and the peo-  
ple are pouring in to hear it.

He applied censure and ridicule to  
the prevailing fashions in women's  
dress and headgear. And it is to the  
credit of nearly, if not all the la-  
dies present, that they took the criti-  
cism in good humor and for the

most part seemed to agree that the  
preacher was about right if not al-  
together so.

The Sons of Washington were  
shown up in their true colors and  
their motives for attempting to re-  
open the prohibition question after  
it has been fairly and finally settled  
were exposed as evil and corrupt.

The singing at these meetings is  
excellent and led by a strong choir  
that is made up of singers from all  
of the churches of the city. All the  
local pastors are co-operating in the  
revival and the people of all the  
churches are about equally repre-  
sented at the services.

The meetings being held in the  
open air render everyone comfort-  
able and at all times a most cor-  
dial welcome is extended to all to  
attend and participate.

#### Work Resumed on City Hall.

Work has been resumed on the city  
hall. The News has been informed  
that the plan for constructing an  
auditorium as a third story for that  
building has been abandoned and that  
the building will be completed as  
originally designed with two stories.

The walls will be complete in a  
day or two and it is said that the  
work of completing the building will  
move steadily forward.

#### New Companies Chartered.

Guthrie, August 25.—In the office  
of Secretary of state the Coffeyville  
Mercantile Company, Coffeyville, Kan.,  
filed their amended charter, capital  
stock \$100,000, and appointed Gus-  
tave Brixon as state agent. Other  
charters filed are as follows:

First Methodist Episcopal church  
of Shattuck, Okla., The Gaston Oil  
Co., Nowata, capital \$100,000; Cyclone  
Oil Co., of Muskogee, capital \$12,000;  
Greer Bond and Investment Co., of  
Mangum, capital \$10,000; The Choctaw-  
Chickasaw Progress (newspaper)  
Stigler, capital \$5,000; Bay Oil Co.,  
of Bartlesville, capital \$10,000; Webb  
Oil Co., of Muskogee capital \$10,000;  
The Muskogee Coca-Cola Bottling Co.,  
capital \$10,000.

#### Hepburn Rate Cases.

Washington, Aug. 25.—It is ex-  
pected that the cases filed in the Su-  
preme court attacking the constitu-  
tionality of the Hepburn rate law  
will be advanced so that decision may  
be had from the court on that point  
before the conclusion of the next reg-  
ular session of congress. There are  
two sets of these cases, one from the  
Pacific Coast and the other from  
Texas, and all are brought by the  
Southern Pacific company.

### "IT IS ALL A BIG LIE" SAY MAYOR AND INSPECTOR

MUSKOGEE PHOENIX IN A RIDIC-  
ULOUS STORY SEEKS TO CAST  
REFLECTIONS ON ADA SEWER  
CONTRACT.

Mayor and Inspector Say a Fine Job  
Is Being Done and That All Local  
Labor Is Employed.

The Muskogee Phoenix indulges in  
an article relating to the contract for  
installing the sewer system in Ada,  
by the F. H. Fitzgerald company of  
Muskogee, that may be intended as  
a joke, but if so the Phoenix ought  
to send its jokesmith to night school.

The aforesaid joke relates that  
the Fitzgerald company was rendered  
popular in Ada by reason of the Irish  
flavor of its name and that the Irish  
of Ada (there being many of that  
nationality here according to the  
jokesmith) maintained a strong lobby  
in order to create favor for this com-  
pany with the city council. Also, that  
the company is really owned by and  
managed by a Jew named Levy and  
that the name of "Fitzgerald" is pure  
fiction created in the mind of the  
Jew to catch the Irish favor. Furth-  
ermore the aforementioned "joke" re-  
lates:

"When Lester Levy with a good,  
healthy gang of Italians and nonde-  
script dagoes landed in Ada to begin  
work the game was all up and there  
are a number of sadder and wiser  
Irishmen in that town who now  
claim to be from Missouri and insist  
on being shown."

Meanwhile the Levy brothers, un-  
der the name of the Patrick Fitzger-  
ald Construction company, continue  
to do business, but it is a two to one  
bet they don't get any more Ada con-  
tracts upon the assumption that they  
are a good old Irish firm."

The "joke" was shown to Mayor  
Little of Ada and he unreservedly  
denounced it as a lie without founda-  
tion in any particular. There was  
no "lobby," the Fitzgerald company  
was not known nor heard of until the  
bid of that company, along with a  
lot of others, was opened at the  
council meeting; the contract was  
let to them because their bid was  
the lowest; immediately after the  
awarding of the contract the com-  
pany complied with every require-  
ment in the way of bond, etc.; the  
attorney representing the Fitzgerald  
company is Harry Levy, a Jew, of  
Muskogee; Levy had not even been  
in town until after the contract was  
awarded; Mr. Fitzgerald was present  
when the bids were opened and he is  
in personal supervision of the work.

Mr. S. W. Hill, a member of the  
Ada city council, represents the  
council as inspector of the work. He  
is constantly on the job and in an  
interview with the News he declared  
that the work being done was in ev-  
ery way satisfactory and he felt sure  
that when completed it will be as  
good a system as any in the state  
can boast. He is delighted with the  
management of Mr. Fitzgerald and  
he nor any other member of the  
council or any citizen has yet seen  
cause to complain of anything con-  
nected with the work. Mr. Hill says  
that Mr. P. G. Ekman, the city en-  
gineer, sees to it that every point is  
properly complied with and that un-  
der his eagle eye the system will be

as nearly perfect as skill can make  
it.

As to the assertion about the con-  
tractors coming in with a "gang of  
Italians and nondescript dagoes" that  
is absolutely without foundation, ac-  
cording to the Mayor, Mr. Hill and  
all citizens who have been asked re-  
garding the matter. The fact is that  
all the labor employed is local. One  
foreigner is employed, a Mexican who  
several months ago came to Ada to  
live and whose home is here.

Thus is a "big bubble busted and a  
good joke split."

#### BIDS FOR THE ADA NORMAL TO BE OPENED SEPTEMBER 7

State Board of Public Affairs Has  
Plenty of Work Mapped Out for  
Next Few Months.

Guthrie, August 25.—Besides the  
regular routine work of the State  
Board of Public Affairs, purchasing  
all of the furniture, supplies, fuel,  
printing, etc., used by the various  
state institutions, there is at the  
present time under the supervision  
and in the course of construction  
buildings for the following institu-  
tions:

The State Penitentiary at McAles-  
ter, which will cost approximately  
\$400,000; the Normal school at Weath-  
erford, for which \$100,000 was ap-  
propriated; the University building at  
Norman, carrying an appropriation of  
\$200,000.

Besides these buildings, on Sep-  
tember 7, bids will be opened for the  
Ada Normal for which \$100,000, was  
appropriated. On September 13, bids  
for the Durant Normal carrying \$100-  
000 appropriation will be opened. On  
September 14 a heat and power plant  
at the Supply Insane Asylum, costing  
approximately \$35,000 will be con-  
tracted for and on September 15 bids  
for the Eastern University Prepara-  
tory School at Claremore will be  
opened.

Within a few days the Board will  
advertise for bids for the erection  
of the school and mines building  
located at Wilburton costing \$115,000.  
Architects are now at work on plans  
for the Eastern Insane Asylum lo-  
cated at Vinita. This is certainly  
enough work to keep the board busy  
for several weeks to come.

#### Forging Indian Deeds.

On account of severe adverse criti-  
cisms of the organization, the Pro-  
tective League of Seminole county  
has adopted the following resolu-  
tions:

"Whereas: It is reported that cer-  
tain persons residing in Seminole  
county have forged deeds of Indians  
and other allottees and have resort-  
ed to unfair means in procuring con-  
veyances.

"Now, Therefore, Be it resolved  
that we condemn in unmeasured  
terms such unlawful acts, and pledge  
our hearty support in the prompt and  
vigorous prosecution of such crim-  
inals.

"Be it further resolved that no per-  
son engaged in such criminal ac-  
tions shall be admitted to mem-  
bership in the League."

### RAILROADS PAY ONE-FIFTH OF STATE AD VALOREM TAX

Will More Than Cover Expense of  
State Officers' Salaries and De-  
partment Expenses.

Guthrie, Okla., Aug. 25.—Over one-  
fifth of the ad valorem taxes in Ok-  
lahoma are paid by the railroads, ac-  
cording to figures compiled from the  
books of State Auditor M. E. Trapp,  
which show that the total taxable  
valuation of the railroads of the state  
is approximately \$175,000,000, while  
the valuation of all property in the  
state subject to taxation is \$864,172,-  
152.

As the state tax levy is 2 1-2 mills,  
that means that the railroads will  
pay in state taxes alone \$437,500, not  
including county, township, munic-  
ipal, school district and special taxes,  
which form by far the greater part  
of the tax burden.

It is estimated that the state's  
revenue from direct taxes levied on  
the railroads this year, will more than  
cover the general revenue bill and  
pay the salaries of all the state  
officers and departments, with money  
to spare.

Oklahoma county leads all of the  
counties of the state as to the val-  
ue of its railroad property, which  
is valued for taxation this year at  
\$6,299,595. Pittsburg county stands  
second with a valuation of \$5,821,564  
and LaFlore county third, with tax-  
able property valued at \$5,650,933.  
Four counties of the state, Cimarron,  
Beaver, Harper and Roger Mills,  
have no railroad property at all,  
while Delaware and Dewey have only  
a very few miles each.

Pontotoc county railroad valua-  
tions amount to \$2,363,789.

#### Bailey Makes Great Speech.

Gainesville, Tex., Aug. 26.—Holding  
an audience of between 3,000 and 4-  
000 people for three hours in showers  
of rain with uncovered heads in the  
city park here yesterday, Senator  
Bailey, is declared by his friends  
to have made the best speech of his  
life. His address began at 11 o'clock  
and it was a few minutes till 2 be-  
fore he concluded and met with a  
great ovation when he closed.

A great part of the senator's speech  
was taken up with the discussion of  
the tariff and income tax bill, which  
was along the same line as his Pilot  
Point speech a few days ago, and  
his argument for not voting to put  
certain commodities on the free list  
as the Denver convention instructed.

#### The Cotton Market.

New York 1 to 5 points up,  
New Orleans unchanged to 4 points  
down, Liverpool 3 to 5 points up.  
Spots, middling, closing; Galveston  
12 1-4c, New Orleans 12 1-4c, New  
York 12 7-8c, Liverpool 6 7/8d.

Port receipts: Galveston 4,077  
bales, New Orleans 1,333 bales, all  
United States ports 7,021 bales, same  
day last year 17,993 bales.

Today's estimated receipts: Gal-  
veston 1,500 to 2,500 bales, New Or-  
leans 150 to 200 bales.

#### War on Bootleggers.

Shawnee, Ok., Aug. 25.—The war  
on bootleggers and bootlegging will  
begin right in Shawnee within the  
next few days.

The recent grand jury made an ex-  
haustive inquiry into conditions here  
as regards violations of the prohibi-  
tory laws and recommended a large  
number of cases to the county at-  
torney to be prosecuted under in-  
formation.

It is understood that the list of per-  
sons to be prosecuted will approxi-  
mate a hundred. It is said that ev-  
ery dealer in booze in this city, so  
far as is known, will be proceeded  
against.

Dallas News—It is very well to  
“keep smilin’,” but a frown is  
coming to you as a tribute to  
your feelings, if not as a mat-  
ter of duty, when you meet a  
neighbor who maintains unsani-  
tary conditions. When he does  
that he shows a disregard for  
your welfare that is as repre-  
hensible as a breach of the laws  
and to smile on him would not  
only be hypocritical, but a sup-  
pression of that influence that  
you ought to exert as a citizen  
of the republic. It were as well  
to indulge a pistol toter as to  
indulge a man who breeds dis-  
ease germs by the myriad mil-  
lion.

Senator Russell says that his New  
Jerusalem plan has already been ac-  
cepted by the people. The people  
don't seem to realize what a good  
thing they have, but now that the  
senator has told them we hope they  
will feel a lot better.

According to press reports D. B.  
Hill, Judge Parker and others of  
New York are planning for a con-  
vention at which it is proposed to  
“renovate and rejuvenate” the de-  
mocracy of that state, in short to  
form a “new democracy.” The prime  
purpose is to defeat the proposed in-  
come tax. These men and their an-  
nounced object remind us of “putting  
new wine into old bottles.”

Muskogee proposes to paint up her  
old boat, now being used as a mud  
scow on the Arkansas river, and put  
it in the presidential procession of  
boats on the Mississippi when Mr.  
Taft sails down the Father of Wa-  
ters—this by way of representing Ok-  
lahoma in that pageant. Well, Okla-  
homa can afford a good many luxu-  
ries.

## FEDERAL INCONSISTENCY.

Shawnee Herald: As long as the  
federal government licenses men to  
sell intoxicants, just that long will  
it be impossible for “total prohibi-  
tion” to become anything nearer than  
it is at present in Oklahoma. To hope  
for a revision of federal respect for  
prohibition communities is to pin  
faith on the distant future.  
From the standpoint of right and  
justice, however, Gov. Haskell, speak-  
ing for Oklahoma, is pre-eminently  
correct in protesting against the  
reckless methods of the United States  
in regard to its attitude on the li-  
quor question. But precedents do  
—said our temp edoy our turtum you  
idental ear will be reached.

## Precautions Against Mob.

Pawhuska, Okla., Aug. 25.—Twenty-  
five armed guards with more than  
that number in reserve were on guard  
in Pawhuska today when Sheriff Byrd  
arrived at noon from Bartlesville  
with Mrs. Nettie Brown and Bert  
Brumfield, charged with the murder  
of P. H. Brown, who are to be ar-  
raigned before Justice of the Peace  
E. L. McClain.

While some apprehension is felt the  
authorities do not expect an attempt  
to take the alleged murderers in the  
face of a strong defense at the county  
jail.

Mrs. Brown will plead not guilty,  
as will Brumfield. Arthur Brown, son  
of the murdered man, who recently  
made a written confession to the  
county attorney involving his step-  
mother, will tell his story on the  
witness stand.

Mrs. E. H. Clark of Bliss, at whose  
hotel Mrs. Brown and her stepson  
frequently stopped, and two other  
persons from Bliss will appear for  
the state. What is awaited with most  
interest is that which Bert Brum-  
field and his sister, both of whom  
are held on the charge of complicity  
in the murder, will have to testify.

## OKLAHOMA SIFTINGS.

Lawton reports a discovery of gold  
and silver ore in the Wichita moun-  
tains.

Horse thieves in Muskogee un-  
hitch rigs standing on the busiest  
streets and drive away with them.

Red Chasline, Oscar Macom and  
Joe Colley were injured in a cave-in  
at the Holdenville water works res-  
ervoir.

Township No. 7 north and 24 west,  
located in Beckham county, have pe-  
titioned the governor to call an elec-  
tion for the purpose of voting upon  
the proposition of detaching the town-  
ship from Beckham county and at-  
taching it to Greer county.

Governor Haskell appointed W. B.  
Kizer of Shilton, Okla., as Commis-  
sioner at Large for the holding of a  
county seat election in Harmon coun-  
ty on September the first. The towns  
of Hollis, Rosser and Harmon are  
contesting for the county seat.

At Tecumseh a lot of people plant-  
ed what they thought was cane seed  
and reaped a crop of something that  
looked like a cross between a bean  
pole and broom crop, and with bark  
on it. Wherefore the sorghum crop  
will be shy this fall.

The chief of the secret service of  
Oklahoma City assaulted Editor  
Tucker of the Pointer for adverse  
comments on the department printed  
in that paper. Witnesses declare that  
the chief was the aggressor. The po-  
lice department of that city is not  
looking for too much publicity.

Eugene F. Stephenson of Nowata  
will be tried in the federal court  
at Ardmore October 4 for stealing  
a Bible from the mails. He is al-  
leged to have stolen other things at  
the same time so he will get no  
credit for the character of the thing  
stolen.

Shawnee News: The press of the  
state is pretty generally following  
the lead of the State Federation  
of Commercial clubs in criticising the  
actions of the farmers in fighting the  
repeal of section 9, article 9 of the  
constitution. The resolution adopt-  
ed by the farmers' union is the same  
as that adopted by the state federa-  
tion of labor.

## Ada Man at Sapulpa.

Special to the News.  
Sapulpa, Okla., Aug. 25.—Mr. John  
Beard of Ada was a recent visitor to  
Sapulpa, and for some time was in  
consultation with his brother, Henry  
Beard, and other capitalists of this  
city. It is not known whether Mr.  
Beard will remove to Sapulpa or not,  
but there seems no doubt but that  
he and his associates will make some  
heavy investments here.

Henry Beard, formerly of Shawnee,  
but who is now here, has recently  
invested about \$30,000 in real estate  
in and around the city, some of it  
being valuable oil lands, not yet test-  
ed, and other lands are on the new  
car line on the east and south of  
Sapulpa.

## Admirable Alma Mater!

This incident really happened, yet  
the identity of the principal actor  
in it is completely changed, according  
to the place in which the story is  
told. At Cambridge Prof. Whitmore  
tells it this way:

“Wilkins and I were waiting for a  
train at Onosquahami, Mich., when  
we joined a group of men at the win-  
dow of the telegraph office, where the  
operator was writing bulletins of a  
baseball game between Harvard and  
Yale. A lumberman who evidently  
had bet on Yale was grumbling over  
his loss. He swore a great deal and  
said the New Haven players were a  
sawdust lot of quitters. He was go-  
ing to say a great deal more when a  
tall, husky young fellow pushed  
through the crowd, took him by the  
shoulder, and swung him around.  
“Pardon me,” he said, politely  
enough, though his eyes were blazing  
—pardon me, but I can't stand any  
more of that abuse. I won't stand it!  
I'm an alma mater of Yale myself!”  
Harper's Weekly.

## The Centenarian.

Dr. Woods Hutchinson says that  
when a man says he has lived a hun-  
dred years, he merely means that it  
seems like that long. Or perhaps he  
has simply grown short of breath, and  
so, when asked how old he is, re-  
plies: “A hundred,” which is brief, in-  
stead of “eighty-seven,” which is long-  
er. This is especially true of French  
nonagenarians. When a Frenchman  
has reached ninety-seven he has to  
say: “Four-score-seventeen,” whereas  
“Cent” will come out much quicker.  
Dr. Hutchinson's investigations show  
that almost invariably your centenari-  
an is too ignorant to know his age  
or comes from a place so remote that  
nobody can verify the date of his  
birth. The doctor claims that when  
we hear it said that people don't live  
as long as they used to, the correct  
answer is “They never did.”

## OLD CHIEF CRAZY SNAKE REFUSES TO BE LOCATED

Militia Couldn't Catch Him and He  
Won't Surrender for Fear of Be-  
ing Put in Jail.

A Guthrie correspondent is the  
author of a story to the effect that  
the state authorities have about  
abandoned the hope of ever being  
able to entertain Chitto Harjo, or  
Crazy Snake, leader of the full-blood  
Creek Indians.

The last alleged annual “uprising”  
of the snake band of Creeks occur-  
red near Hickory Grove, their camp  
grounds, following which the Okla-  
homa National Guard spent nearly  
a month, and several thousand dol-  
lars of state money, trying to locate  
the leader.

Those who were in periodical com-  
munication with Harjo brought word  
that he wanted to surrender, come  
to Guthrie and hold a pow wow  
with Gov. Haskell. They explained  
that Snake's vanity, like that of the  
late Geronimo, was deep seated. He,  
being the full-blood leader, wanted  
to look at and talk to the man whose  
order had placed the state's army  
afield, and to explain that his In-  
dian gatherings were not of the “up-  
rising” variety—merely a religious  
feast and a “hi-yah” carnival.

The National Guard withdrew to al-  
low Snake ample freedom. He was  
to be furnished an honorary military  
guard upon arriving here, with the  
additional guarantee of absolute pro-  
tection. If indictments were return-  
ed against him in connection with  
the “uprising” he was to be allow-  
ed to give bond and make his de-  
fense in court just like white peo-  
ple. All of this was agreed to, but  
weeks of waiting brought no Snake.  
He was believed to have feared the  
state's expression of good faith,  
so Bill Tighlman, a noted South-  
western character in the early days and  
once sheriff of Lincoln county, was  
commissioned to go to the stomp  
ground district, get into communi-  
cation with the old Indian, as the  
personal bearer of greeting from the  
state government, and guide him to  
Guthrie. To give the invitation im-  
pressiveness, a letter was written and  
signed by Gov. Haskell speaking as  
the head of one government to an-  
other, saying that the state guar-  
anteed the fullest protection, and  
would pay Harjo the homage due  
one of his station in life. The of-

cial document was decked out in  
goose quills, filigreed border draw-  
ings, strung with vari-colored rib-  
bons and lavishly stamped with the  
states great seal and gilded stickers  
gay enough for any potentate. Tighl-  
man took the letter to those claiming  
Snake's confidence for personal de-  
livery to him at a point supposed to  
be in the “fastness of Tiger Moun-  
tain,” but up to now Snake has not  
deigned an acknowledgement, and  
weary from waiting, Tighlman re-  
turned home.

It is believed that Harjo, in con-  
struing the state's guarantee of pro-  
tection, saw where it could have  
meant his being placed in jail, and  
that he did not propose to take  
chances, even for the privilege of  
smoking a cigar with the governor  
of a state.

"Useless" Russell Gets a Trip. Guthrie, Ok., Aug. 25.—Gov. Haskell has appointed U. S. Russell, editor of the Shawnee Herald, and one of the State's pure food inspectors, as delegate to the National pure food conference to be held in Denver. He also named W. B. Anthony, his private secretary, as a delegate to the National Tax Association meeting in Louisville, Sept. 21 and 22.

Prosperity News Items. New York, Aug. 25.—Since January 1, it is learned, orders have been given by various railroad, express and dispatch companies for from \$150,000,000 to \$175,000,000 worth of rolling stock. Many plants that several months ago were running on half time are today operating to their full capacity and thousands of men who were out of work six months ago have steady employment.

Mr. Cannon, hurt, angry and sore, said many things about Mr. Fowler and the letter, which are not for publication and which he specifically marked down as not for presentation to the public.

"Why should I notice Fowler?" asked the speaker in biting tones when the Fowler denunciation was shown to him.

However, Uncle Joe read every word of it, and he winced perceptibly at times.

Convicts Moved from Vinita. McAlester, Ok., Aug. 25.—The 114 state convicts which have been kept in the old federal jail at Vinita since the whole body of prisoners was brought from Lansing, Kan., were brought here yesterday in two cars, one being "Old Ten Spot," the famous Katy prison car used for so many years in Indian Territory. Of this number, twenty were women.

All the state convicts are now in McAlester and the number today is 1,002, twice the number handled at the beginning of statehood.

Shortly after leaving Vinita John Wainright slipped his handcuffs and legiron and jumped through a window of the car and escaped. He has four more years to serve.

## SHERIFF'S REPRESENTATIVE

### ATTEMPTS ANOTHER REPLY

Words are inadequate to express our thanks to our dearly beloved editor for the space allowed us last week, and we feel doubly thankful when we think of the concessions made in allowing us so much space when, in his honest judgment, so little of value was said.

The editor did not insert the modifying cause (in his honest judgment) but just made it a positive assertion that, "all could have been said in a dozen lines that was worth anything." Now we know that the father of a mule cannot extract honey from flowers, and because he can't, it is possible he thinks that it cannot be done.

All people have not the same appreciative faculties. To talk of the beauties of sublime nature would be a bore to a person who loves the ridiculous. Some appreciate the fragrance of the rose while others enjoy the odor of a skunk. One may allow his thinking faculties to dwell on evil thoughts and evil things until the act becomes chronic and he is powerless to admire any thing elevating and moral.

The assertion, "A lot of good people are criticizing." We do not doubt their goodness. Lots of good people are ignorant and to render judgment or pass sentence without investigation, is either one of the fruits of base ignorance or the voluntary act of a despot who would murder justice with his own scepter.

We honestly believe that the heart of our dearly beloved editor is in the right place, but veracity seems to be a little clouded. He says that he does not aim to criticize or defame, but does what he does do for public safety. "Consistency, consistency, thou art a jewel." We sadly regret that those "good people" referred to have been unnecessarily alarmed when only the loss of a few moments investigation, by one or two as representatives of the News or "the good people," could have prevented it. Your humble scribbler can't recall to mind an instance of but one visit of the editor to the sheriff's office since he has been an employ here, and then not for the purpose of ascertaining any facts connected with the management of the office. We are happy to be able to state to all who are nervous that the prisoners are still all here and quiet. We had a letter from Judge West in regard to the bad management as referred to in an issue of the News of recent date which was sent to him. We had to reply and explain the conditions as they are, which was a direct contradiction of most all the News had to say. As we stated in our former missive, "that a false statement needed no denial, as it would die within the radius of its own sphere," by way of apology to the News we will state that we regret that we had to do it. Our dearly beloved journalist states "What the local officials and the good citizens want is something tangible in the way of reply to criticism."

As our policy is to reply to a truthful criticism only, as yet we can only reply to one, and that is in regard to the trustees. At the instance of Judge Rainey Mr. Weaver was made a trustee. Some others were made trustees through the consent of the county commissioners, and Joe was made trustee at the request of our county attorney and he deserves the praise and esteem of all intelligent citizens for making the request, as Joe did no more than a great many of our citizens do. Just got full of the noisy "booze."

Let it not be our disposition to make fish of one man and flesh of another. Let us be merciful as well as just. We all have short comings and misgivings and if we would have other people to look over some of our mistakes, let us be equally charitable.

Humble Factor of, SHERIFF'S OFFICE.

## \$50 for a Name.

Early in September the M., K. & T. Railway will place in daily service between St. Louis and Kansas City and San Antonio, and Houston, Texas, a new, fast limited train in each direction.

These trains will be new throughout—new engines, new coaches, new chair cars and new sleeping cars, will be electric lighted, with electric fans and individual berth lights. The new trains will be even faster than our already celebrated trains, "The Katy Flyer."

A suitable name is desired for the new trains—one that is short, concise and to the point. To secure such a name a prize of \$50.00 in gold is offered.

The competition is open to all and the award will be made to the successful contestant whose suggestion is adopted. In the event the name selected is submitted by two or more persons, the prize will be divided pro rata.

## GOVERNMENT EXPERIMENT

### PROVES HOG CHOLERA CURE

A Most Rigid Test Gives Convincing Proof That the Newly Discovered Cure Is Absolute.

A thirty days test at Kansas City, conducted under the most rigid supervision of the United States government and the Kansas City Stock Yards company, the unquestioned efficacy of the serum discovered by Dr. M. Dorset, a government specialist, for the prevention of hog cholera has been demonstrated.

Of a poison squad of thirty-five hogs, the thirteen which were not immunized at the beginning of the test are dead, and the twenty-two which were treated are perfectly healthy.

The carcasses of the dead hogs were permitted to remain in the pens with the immunized animals two or three days.

Every opportunity was given the twenty-two to contract the disease. Under normal conditions every hog would be dead. The fact that the twenty-two did not die is absolute proof, that the serum is an unfailing preventive of hog cholera. The serum for use in the tests was furnished by James Wilson, secretary of agriculture, who took a personal interest in the tests and gave them his approval.

The hogs used in the test were purchased from a farmer who was willing to make affidavit that there had been no cholera on his farm in ten years.

It is hoped that state legislatures throughout the country will take up this matter and assist in promoting the use of this remedy among the farmers.

## To Stop Oil Price Reduction.

Washington, Aug. 25.—The interior department does not intend to permit the Standard Oil company to reduce the price of oil, which the Indian Territory producers have been receiving for their product.

The interior department has become interested by the recent announcement that the Standard had made arrangements to reduce the price from forty-one cents to thirty-five cents a barrel.

Acting Secretary Pierce is working on the case and hopes to devise a plan by which the oil trust will be compelled to continue its present price.

The charge has been freely made of late that the oil company in seeking to reduce its price is hoping to take advantage of the oil sections of the new Payne tariff law.

## Caddo Corn Carnival.

Caddo, Ok., Aug. 25.—The Caddo Corn Carnival and W. O. W. Picnic began here today, and continues three days. This celebration is for the purpose of showing the people that this is a corn country as well as a cotton region. We have an excellent corn exhibit and the decorations are exceeded only by the big fairs.

W. A. Durant and W. F. Semple, members of the First and Second legislatures, are speakers the first day. Gov. C. N. Haskell and C. G. Jones are speakers the second day, and Hon. W. H. Murray will speak the third day.

While the drouth cut our corn crop short, still we have a fine prospect, and this celebration will convince people of the wisdom of diversification.

## State Reformatory Site.

Guthrie, Ok., Aug. 25.—T. W. Baker of Granite has made an additional proposition to the state in the location of the reformatory at that point, which includes 120 acres of land about two miles southeast of the town and forty acres of granite quarry half a mile north of Granite. The other site in competition is the Ruggles property one mile west.

The new offer was referred to the state geologist for an inspection of the building materials contained on the forty acres.

## GREAT LIVE STOCK SHOW

Premiums Offered at State Fair  
Amount of \$15,000.

### HORSES, CATTLE, SHEEP AND SWINE

Well Provided for in Rich Premiums—  
Will Be Shown in Grand Live  
Stock Show and Parade.

One of the dominating features of the Oklahoma State Fair to be held at Oklahoma City September 29 to October 8 will be the great live stock show under the direction of Mr. John Fields, editor of the Oklahoma Farm Journal. The show will be held in a large pavilion 100x200 feet with accommodations for several thousand persons. The show promises to be the greatest of the kind ever held in the state of Oklahoma.

Secretary Mahan announces that the live stock exhibit this year which will close with a parade on the morning of the last day of the fair will bring together the choicest lot of horses, cattle, sheep, hogs, etc., ever assembled at one time within the confines of the state. In addition to persons in Oklahoma who are interested in the show will be exhibitors from many other states and some of the finest stock seen at the big fairs will be brought here.

In recent years the shows of horses and live stock have been strong features of the big fairs. Oklahoma is now entering upon its third annual fair year and the show this year will excel shows to be seen at fairs this year that have been established fully a quarter of a century. The best herds of the country will be represented in the cattle displays. The prizes for the light harness and saddle horses as well as for draft animals and mules have been largely increased and more classes added and this assures an extensive horse show.

Entries will close at 6 o'clock on the afternoon of September 28 and anyone desiring information regarding rules and regulations will be given prompt attention through the office of the secretary.

Special attention and courtesy will be shown the women at the live stock show this year. Women who go to the fair have always been interested in the shows of live stock—horses, cattle, sheep and swine—and in all these departments they will find the exposition especially rich. The herds of dairy

### A Famous Landmark.

To most of us the Nestorian tablet is a name only—an "old, forgotten, far-off thing," almost as apocryphal as Aladdin's lamp—if not, indeed, far more so. The fact that Dr. S. Wells Williams' monumental work, "The Middle Kingdom," contains a translation by Dr. Wylie, in 3,000 words or so, of the inscription carved upon the ancient stone, centuries and centuries ago, by the Nestorian Christian missionaries in China, does not suffice to make it an object of popular interest. But now that a young Danish traveler and archeologist—who, by the way, speaks English like a native—has made a journey to remote Sian-fu, and brought to New York an exact copy of it, in limestone, from the same quarry, reproducing every Chinese character and symbolic ornament just as it appears in the original, the thing becomes a matter of interest to all Americans; and the attendants in the Metropolitan Museum of Art spend no little time nowadays in directing strangers to what they themselves agree in calling "the Chinese stone." AMUSEMENT ATTRACTIONS, STATE FAIR GROUNDS

cattle and the products that will be  
shown will be on an extensive scale  
and the live stock pavilion will not only  
afford better facilities for showing the  
stock but will give the spectators many  
advantages in seeing what is  
being done to improve the quality of  
the chief herds of the country.

### A GREAT LIVE STOCK SHOW.

The officers and directors of the Ok-  
lahoma State Fair association now  
have arrangements practically com-  
plete for the third annual fair to be  
held at Oklahoma City September 29  
to October 8, inclusive, and from the  
vast amount of work that has been  
accomplished since last year the peo-  
ple of the southwest will be invited  
to attend what will probably prove the  
greatest fair held west of the Missis-  
sippi river. The fair will be held rain  
or shine and with the numerous im-  
provements made this year "wet" days,  
if any, will prove just as interesting  
to the sightseers as dry days, because  
the fair will be running full blast in  
each and every department. The fair  
last year was a success from every  
point of view and with increased ex-  
hibits this year it will be greater and  
better than ever.

One of the big features of the fair  
this year will be the live stock de-  
partment. The premiums have been largely  
increased and the classifications re-  
arranged. In revising the live stock  
classifications the association has en-  
deavored as far as it could consistently  
to adhere to the recommendations of  
the different registry associations and  
also added liberally to the premium  
offers in each department. With proper  
co-operation of the breeders of this  
and adjoining states Oklahoma's 1909  
live stock show will be far superior to  
any live stock show ever held in the  
southwest. Exhibitors will be in at-  
tendance from many of the great live  
stock communities in the United States  
and with more commodious accommo-  
dations each and every exhibitor will  
be well pleased. The exhibits this year  
will be national in character and from  
the entries already secured it is evi-  
dent that this department will be the  
highest standard and highly bene-  
ficial to breeders and visitors.

### BOYS' CORN GROWING CONTEST.

One of the big features of the Okla-  
homa State Fair to be held at Okla-  
homa City September 29 to October 8  
will be the corn growing contest  
for boys residing in the five districts  
of the state. Competition will be open  
to boys 16 years old and under. All  
exhibits must be grown in 1909. The  
same individual will not be permitted  
to enter in both classes and it has  
been decided that the exhibits shall  
consist of 10 ears, express charges to  
be paid by the exhibitor. Entries in  
this contest close Saturday, September  
25. All exhibits must be in place not  
later than 6 o'clock, September 28.  
Corn will be scored by the judge of  
the corn exhibit on scale of points ad-  
opted by the department of Agronomy,  
of the Agricultural and Mechanical  
school of Stillwater. Where an ex-  
hibit has no competition it will be  
awarded first, second and third, or no  
premium, according to its merits. The  
premium money will be so divided that  
the sum of \$100 will go to winners in  
each of the five districts. In addition  
to the cash money several valuable  
prizes will be given by merchants and  
others.

### FINEST OF LIVE STOCK.

Notwithstanding the fact that the  
agricultural exhibits will be one of the  
big features of the Oklahoma State  
Fair to be held at Oklahoma City Sep-  
tember 29 to October 8 the people of  
Oklahoma should not overlook the fact  
that at the fair will be shown the best  
cattle, best horses, best sheep, and the  
best swine not only in Oklahoma but  
in all the United States. The exhibits  
this year in every department will be  
unexcelled in scope and quality. At  
the fair will also be shown the best  
machinery and the latest inventions  
and if a farmer wishes to buy intelli-  
gently and wisely he will find it to his  
advantage to visit the fair where he  
can make whatever line in which he is  
interested the object of his special  
study.
